The Wonderful Cross

```
     D                    G          D
When I survey the wondrous cross
D                   G          D    A
On which the Prince of glory died,
 D                     G         D
My richest gain I count but loss,
   D               A                D
And pour contempt on all my pride.

  D                            G            D
See from His head, His hands, His feet,
    D           G           D         A
Sorrow and love flow mingled down:
  D                           G         D
Did e'er such love and sorrow meet,
  D                  A            D
Or thorns compose so rich a crown?

              A            D               A           D
Oh the wonderful cross, oh the wonderful cross
              G                    D                  A
Bids me come and die and find that I may truly live
            A            D               A           D
Oh the wonderful cross, oh the wonderful cross
            G                    D
All who gather here by grace draw near
         A
And bless Your name

    D                            G       D
Were the whole realm of nature mine,
   D               G        D          A
That were an offering far too small;
   D                     G    D
Love so amazing, so divine,
  D                  A                  D
Demands my soul, my life, my all!
